Scope of Upcoming Major Release 1.15

The next SIS Major release 1.15 will be deployed on SIS Production by November 8th 2019.

In preparation for this upcoming event, the Major Release 1.15 Communication detailing the scope of the release and the updated ISPG version 4.1.0.0 have been both published on the IATA website. As per usual process, the applicable changes will be made available for testing in our Sandbox environment by October 8th 2019 (communication to follow later).

Below are the CMPs that will be implemented with Release 1.15:

CMP #	DESCRIPTION	BILLING CATEGORY
741	Purging of Invoice PDFs and Listings based on Payment Status	MISC
761	Correspondence Number in the Offline File Name	PAX/CGO/MISC
778	Deletion of user data	ALL
782	Activation of SIS Contacts linked to inactive SIS users	ALL

↗ New IATA Customer Portal Interface

As you have noticed, the IATA Customer Portal has been upgraded and has a new look and feel. Only the user interface has changed, all services and integrated accesses (such as SIS login) remained unchanged. For guidance on how to navigate the new Portal, please refer to this short user guide.

Kind regards,
