SIS Steering Group Meeting – Geneva, May 2017

On 18th-19th May 2017 we had a SIS Steering Group Meeting in Geneva. Among other topics, we discussed about the SIS SLA Performance, the SIS SOC 2 Audit, the MISC Data Quality, SIS onboarding activities, Pricing and Prioritization of SIS Major Release 1.11 to be deployed in November 2017.

The Steering Group Meeting was preceded by the IATA Industry Advisory Forum (May 17th), where more than 50 representatives from major airlines and airports around the world with IT solution providers shared their experience in implementing the industry standard process for electronic invoicing between suppliers and airlines that extend the use of IS-XML and the SIS platform.

The SIS Steering Group airlines present at the Forum reported some very positive feedback and a solid increase in the momentum that the Supplier to Airline e-Invoicing (SAI) initiative has gained in the industry.

We grabbed the opportunity to take a picture with the SIS Steering Group to share it with you.

SIS Steering Group call for nominations

We would also like to inform you that one position within the Steering Group is currently vacant.

We are now accepting nominations for this position and we kindly encourage you to send us your nomination. To be eligible for nomination, the participant must be an IATA Member Airline. The candidate must have knowledge and experience of the operations of the interline billings and settlement process.

Only Signatories to the SIS Participation Agreement can nominate candidates for the SIS Steering Group.

A person already participating in another IATA Working Group cannot be nominated for SIS Steering Group.

Only one (1) representative per airline can be nominated.

We welcome all applications to be submitted to SIS Operations (sisoperations@iata.org) no later than **30th June 2017,** listing the Name, Airline, Position within the Airline and Area of Expertise: Passenger billings, Cargo billings, Miscellaneous/Non-Transportation/Other billings or Finance.
