In this issue

↗ *SIS Major Release 1.14 – Update to CMP 755 "Addition of Passenger Rejection Reason Codes"*

↗ SIS Major Release 1.14 – Update to CMP 755 "Addition of Passenger Rejection Reason Codes"

This CMP will introduce 6 new reason codes to the existing list of Passenger Rejection Reasons to allow future rejections to be more specific and give additional information to the airline receiving the rejection.

The proposed reason codes for Involuntary Reroutes "3F", "3G" and "3H" already exist for use in Passenger Sampling UAF rejections. Therefore, new reason codes have been assigned as follows.

Reason Code **1Z**: Involuntary Rerouting **Fare Difference**
Reason Code **1T**: Involuntary Rerouting **Tax Difference**
Reason Code **1R**: Involuntary Rerouting **Fare and Any other Difference**

We request members to be advised of this update. All other newly introduced reason codes of this CMP remain unchanged.

You may consult SIS Release Notes for Major Release 1.14 here.

We apologize for any inconvenience.

Kind regards,
