

CASSLink STOCK MANAGEMENT

Would you like an automated, web based solution to manage your Neutral AWB number allocations?

Would you like an on-line AWB audit system enabling you to confirm that all of your AWBs have been billed?

If the answer is YES, then the CASSLink Stock Management system is your solution

Introduction

The CASSLink Stock Management system is a value-added service fully integrated within CASSLink that allows Airlines to automate the allocation of AWB serial numbers to their approved Freight Forwarders.

The service provides significant benefits for the forwarding community such as the ability to request stock allocation on-line 24 hours a day, 7 days a week. Forwarders and Airlines can also track usage and monitor used or unused allocations.

CASSLink AWB Stock Management System
