

## IATA Fatigue Risk Management (FRM) Workshop

**Date:** Monday, 24 April 2017

**Time:** 17:00 – 18:00 / **Location:** TBA

**(Seats are limited.** Registration is first come, first served)

<b>Target Group</b>	Fatigue Risk Managers, Flight Operations Managers, Safety Managers
<b>Workshop Objectives</b>	This workshop will provide an introduction to FRM processes, tools and systems, which will address predictive, proactive and reactive FRM.
<b>Summary</b>	<p><b>FRM Tools and Systems</b> - As a natural progression to providing FRM guidance through its participation in the production of the Fatigue Management Guide for Airline Operators.</p>  <p>IATA is developing tools that will support carriers' FRM efforts. In addition to discussing FRM processes, this workshop will highlight the available tools and systems which use experience and science to support predictive, proactive and reactive processes.</p> <p><b>Predictive FRM</b></p> <p>↓</p>
