YES !

So is that it for Sustainable Alternative Fuels?

NO !

Current and Future Challenges

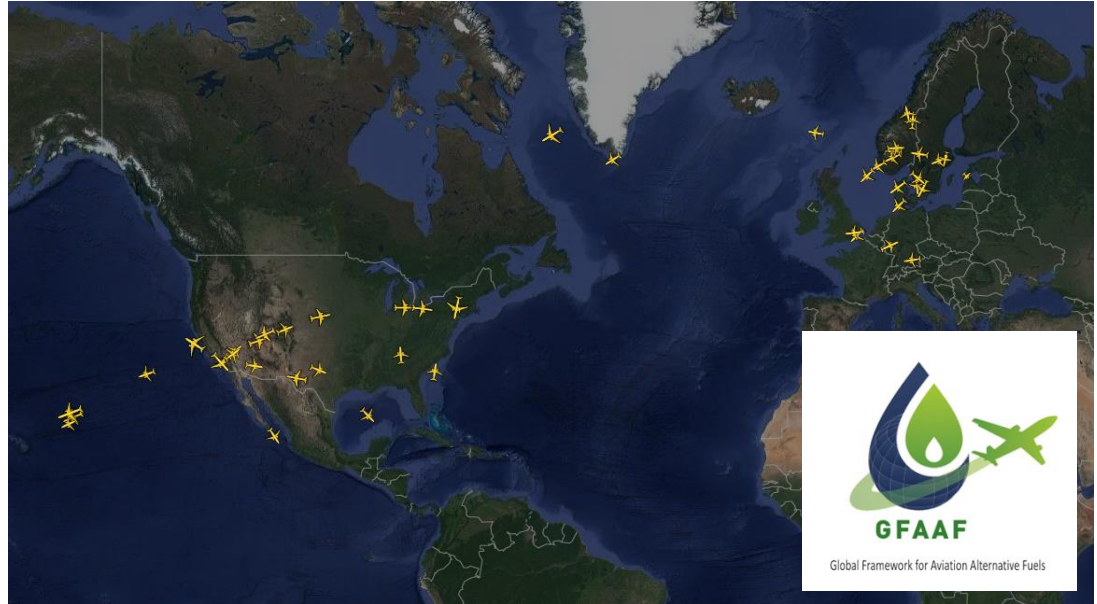

- **Certification**
- **Cost**
- **Availability**

Deployment Innovations

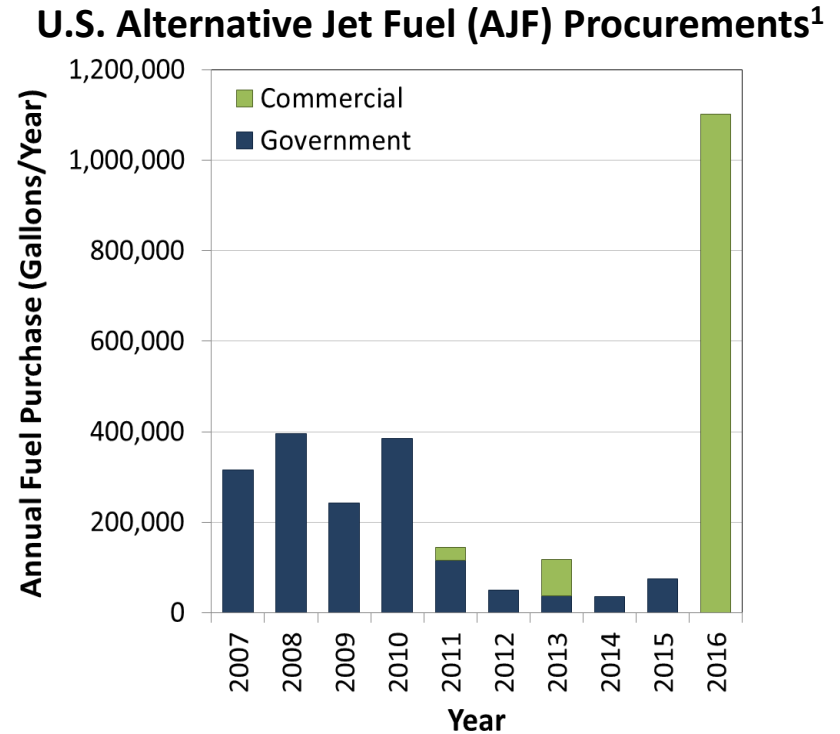

- Partnerships
- Policies
- Experience

CORSIA

Putting Things in Perspective

- *Development and deployment of SAF is a marathon – not a sprint.*
- *Leverage expertise and resources.*
- *Keep an open mind!*

1. Based on voluntarily reported data from Airlines for America (A4A), Department of Defense (Defense Logistics Agency, DLA-Energy) and Gulfstream Inc.
