**12<sup>th</sup> WORLD CARGO  
SYMPOSIUM**

**1 3 - 1 5 M a r c h**

**DALLAS, TEXAS**

**Cargo Operations Track**

**Cargo Operations Track Summary:**

The cargo operations track will look at the current state of the industry with regard to audits, compliance and standard practices. With this baseline understanding of the benefits of standardized cargo operations, it will explore how ISAGO and Smart Facility can improve operations and finally look at data driven decision making and milestone improvements, especially at critical handover / control points.

09:00 – 09:05	<p><b>Opening Remarks</b> Chairman (TBD)</p>
09:05 - 09:15	<p><b>Welcome Address (TBD)</b></p>
09:15 - 10:00	<p><b>Global Excellence – Local Delivery</b> This session will explore how a global company with a global customer base can work with all their partners to deliver locally. How can they be confident that their partners meet their requirements on a daily basis?</p>
10:00 – 10:30	<p><b>Aligning Handling Facilities Globally</b> This session will look at a case study of how a global handler assessed all facilities for compliance to Regulations, standards and procedures and then used those findings to drive a comprehensive change program throughout the organization.</p>
10:30 - 11:15	<p><b>Networking Break</b></p>
11:15 - 11:45	<p><b>Data-Driven Decision Making</b> This session will focus on driving operational efficiency based on data analysis.</p>
11:45 – 12:20	<p><b>Designing the Journey</b> Together this panel will look at the themes that came out of the track and design a journey for air cargo to Connect. Collaborate. Modernize and truly deliver on the air cargo potential.</p>
