15:30 - 16:15	Networking Break
16:15 - 17:25	Panel discussion The transport of Radiopharmaceuticals (Class 7 Dangerous Goods and Pharmaceuticals) presents many challenges to the airfreight industry. Global demand for these lifesaving medicines is increasing, but the regulatory requirements can be very onerous and many carriers now choose not to carry such goods. How can these challenges be addressed and what can the regulators and stakeholders do to ensure future demands are met? Moderator: Kristel Vermeersch , Managing Director, KVS & Partners Panelists: <ul style="list-style-type: none"> • Rob Dekkers, Global Logistics Manager, AIPES/GE Healthcare • Robin Jarvis, Manager Cargo Operations, Etihad Airways • Dennis Kampman, Manager Freightport, KLM • Aayda Ahmed Al Shehhi, Director, Radiation Safety, Federal Authority for Nuclear Regulation, UAE
