Disclaimer	
<p>This scorecard is produced using the Message Improvement Program (MIP) data reported monthly by the airlines as well as CargoIS data for obtaining the total market figures. As not all the airlines participate in MIP and / or have the capability to report on EAP, EAW and ECC special handling codes respectively for e-freight and eAWBs, the reported volumes might be lower than the effective actual figures. Any figure including past figures might be revised from time to time, depending on data available to IATA at the time the report is made.
