Description:

The IATA Ticketing Handbook in Russian language!

The Handbook is the official guide to worldwide airline passenger ticketing. Prepared by an international group of ticketing experts, the Ticketing Handbook explains the whats, whys, and hows of airline ticketing with easy-to-understand language and relevant examples. The THB thoroughly details what entries to make on tickets, MCOs and EMDs; and it now includes expanded coverage on electronic ticketing including additional/optional services and involuntary rerouting.

The Handbook clarifies even the most complicated fare calculation rules by explaining each ticketing principle in easy-to-understand language and examples.

Keep up with the latest developments in the dynamic world of electronic ticketing, order yours today!
