Aviation Cyber Security
Strategic Partnerships

Please note that the applicants to the Aviation Cyber Security Strategic Partnerships program will be vetted prior to the final approval.

Designed for

- Experts on Aviation and/or Cyber Security willing to learn, exchange or mentor
- Experts on Transportation Cyber Security Policies, Regulations and operations
- Aviation Cyber Risk Management resources, Auditors and Regulators
- Cyber Threat and risk management and framework organizations
- Organizations involved in the development of cyber security solutions for the transportation and Next Generation Cyber Security technology solution providers for the aviation industry
- Researchers, students, other relevant resources covering aviation cyber security

Areas of activity*

- Influence the cyber security regulatory environment for the aviation
- Be part of the Aviation solution provider to support the cyber security challenges that the aviation industry is facing (by participating in B2B meetings held at different events)
- Participate in events, panels, webinars, forums, hackathons, regional round tables with possibility to sponsor the events/break sessions
- Get access to or give the latest cyber security training to members of the industry

*May be by invitation only, or may require specific certification(s) or additional vetting.

Benefits

- Get access or play a role in the development of Standards, Guidance, Best practices, reports from the industry and more
- Being part of the Aviation Cyber Security Risk Management ecosystem
- Access to Webinars, and other activities (including the possibilities of advertising)
- Access to IATA 3CTX Open Forum
- Access to Regional Round Table (RRT)*
- Request for Proposals (RFPs) access *
