### Upcoming Major Release 1.16 - Reduced Scope

Dear SIS Participants,

These are extremely challenging times for our industry. Due to the COVID-19 pandemic and the implications to our industry, we understand that many of our members might not be in a position to make system changes.

We have reviewed all CMPs in scope for the upcoming Major Release and identified the below 2 CMPs that require developments in the airlines internal systems:

CMP#808 - Creation of two new fields: 'AgreementID' and 'CommitmentID'

CMP#818 - Alignment of IS-XML fields 'ContactName' and 'Recipient' (SIS GM 8 paper - S14)

After consulting with the SIS Steering Group we have decided to **postpone these two enhancements from SIS Release 1.16 scheduled for May 2020 as they both have an impact on airlines internal systems.**

These enhancements will not be implemented in May 2020 and we will continue to monitor the situation to determine when these changes can be implemented.

- Stay strong. We'll make it through. Flying is always the business of freedom -

Sincerely,

**IATA Simplified Invoicing & Settlement (SIS) Team**
