

SIMPLIFIED INTERLINE SETTLEMENT BULLETIN

March 13, 2014

Issue – 04/2013

➤ Release 1.5 Deployment and Timelines

Release 1.5 of the SIS Production system will be deployed on **8th May 2014 (P1 May 2014)**. We will be conducting the User Acceptance Testing phase in the last 3 weeks of April. Deployment of Release 1.5 will commence on 8th May 2014 00:00 EST with a duration of up to 5 hours before being deployed.

As a reminder the [Major Release 1.5 Scope Document](#) has been published on the SIS website, Technical Documentation section. This document describes the changes that will be deployed with Release 1.5.

➤ Code Freeze for Production

In order to execute the deployment of Release 1.5, we will require a code freeze period **from 9th April 2014 to 8th May 2014**. During this period we will not be able to deploy maintenance releases. All fixes and change requests will be deployed as per a maintenance release plan after Release 1.5.

➤ Sandbox Availability Before Deployment

Changes in Release 1.5 will be deployed in the Sandbox as of **14th April 2014**. We encourage you to test your files in Sandbox to ensure compliance with the changes relating to Release 1.5 before it is deployed.
