

# SIMPLIFIED INVOICING AND SETTLEMENT BULLETIN

April 4th, 2016

Issue – 03 / 2016

## ➤ SIS migration to new infrastructure

As announced during the 4<sup>th</sup> SIS General Meeting held in September 2015 in Barcelona, SIS is migrating to a new infrastructure which will provide a stronger DR solution, will increase performance and processing capacity, and will reduce risks associated to technology obsolescence.

The migration will start on **Friday April 8<sup>th</sup> at 11:00 PM EST** (Saturday April 9<sup>th</sup> at 04:00 AM UTC) and will require a downtime of approximately 12 hours. While IS-WEB will be unavailable during this time, all files submitted via iiNET will be held and processed after the migration has been completed.

A separate downtime message reminder will be distributed shortly to all active SIS users. Please forward this message to the colleagues within your company that are not active SIS users but might be impacted by the downtime.
