### ➤ **SIS Release 1.8 Changes deployment in the SIS Sandbox**

Changes for SIS Major Release 1.8 will be deployed on the SIS Sandbox on Tuesday April 12th, 2016.

The deployment will be between 01.30 AM - 3.00 AM EST.

Any files sent to SIS Sandbox during this time will be held in iiNet and validated once the deployment is complete. We encourage all Members to submit test files in the SIS Sandbox environment to ensure compliance with SIS Release 1.8 changes prior to their deployment on SIS Production on 10th May 2016.

A [Major Release 1.8 Scope Document](#) was prepared to give participants an overview of the changes going into the release. The full suite of SIS technical documentation had been updated to reflect the changes and was published on the SIS website under the [Technical Documentation](#) page.

### ➤ **User activations and password resets in IS-Web**

In order to comply with recommended security best practices, User account reactivations and password resets will no longer be processed by the SIS Helpdesk / SIS Operations teams but will be redirected to the active Super Users.

To be able to reset your own password, please make sure to setup the security questions in your User Profile. Step-by-step instructions are available [here](#).

If you require access to manage other users from your company (activate/reactivate accounts reset passwords and manage permissions) please contact your SIS Super User for assistance.

### ➤ **Miscellaneous PDF Detail Listing for Charge Categories ATC, Airport and Ground Handling**

Layout improvements to the PDF Line Item Detail Listing for the ATC, Airport and Ground Handling charge categories have been implemented recently to optimize the display of key Line Item Details in a tabular format.

These improvements greatly enhance the readability of the PDF Line Item Detail Listing and significantly decrease the length in terms of number of pages.

A complete overview of these changes can be found [here](#).

### ➤ 3rd World Financial Symposium

After the success achieved in the last 2 years, IATA is announcing the 3rd edition of the World Financial Symposium (WFS) that will focus on Building High Performing Organizations, adding a fifth strategic pillar to the Industry White Paper aiming at achieving sustained airline financial health.

Please follow the [WFS event page](#) , more information will be made available soon.
