PROGRAM

IATA GLOBAL AVIATION CYBERSECURITY FORUM

Friday, 10 April

08h00 – 09h00 **Event Registration**

09h00 – 09h10 **Welcome & Introduction**
- **Ewa Pilat**, CISO, IATA
- **Roger Alvillar**, Cyber Threat Intelligence Officer, IATA
- **Mariusz Pyzynski**, Assistant Manager Aviation Cybersecurity, IATA

09h10 – 09h30 **Keynote Address**

09h30 – 10h00 **IATA Information Security Strategy**
This session provides a brief introduction to IATA's Information Security Strategy and the 2026–2028 roadmap, outlining key priorities and the strategic direction for the coming years.
- **Ewa Pilat**, CISO, IATA

10h00 – 10h30 **Industry Advocacy & Partnership Initiatives**
This session provides an overview of the IATA Information Security sub-strategy on industry advocacy and partnerships, highlighting newly formed expert groups, key initiatives, major events, and the strategic roadmap for 2026 and beyond.
- **Mariusz Pyzynski**, Assistant Manager Aviation Cybersecurity, IATA

10h30 – 11h00 **NETWORKING BREAK**

11h00 – 11h30 **Industry Priorities: CISO Roundtable**
Join this interactive roundtable to discuss the most pressing cybersecurity challenges facing the industry today and help shape shared priorities for collective action going forward.
- **Ewa Pilat**, CISO, IATA
- **Mariusz Pyzynski**, Assistant Manager Aviation Cybersecurity, IATA

11h30 – 12h00 **Aviation Cyber Threat Landscape Outlook**
This session provides an updated overview of the evolving aviation cyber threat landscape, examining major trends from 2025 and early 2026 and offering forward-looking insights for the remainder of 2026.
- **Roger Alvillar**, Cyber Threat Intelligence Officer, IATA

12h00 – 12h15 **ICAO Cybersecurity Briefing: Priorities and Current Developments**
This session provides a concise overview of ICAO's latest cybersecurity updates, highlighting current focus areas, evolving priorities, and key developments relevant to the global aviation community.
- **Mariusz Pyzynski**, Assistant Manager Aviation Cybersecurity, IATA

IATA
GLOBAL
AVIATION
CYBERSECURITY
FORUM

Friday, 10 April

12h15 – 12h30 **Tabletop Exercise (TTX): Introduction & Icebreaker**
This session sets the stage for the tabletop exercise, offering a brief introduction and an interactive icebreaker to prepare participants for collaborative engagement.
Facilitated by:
- **Geroen Joris**, Specialist Security Solutions Architect, Leader, AWS
- **Anthony Holmes**, Security Lead, AWS
- **Martin Vlok**, Solutions Architect Manager, AWS
- **Daniel Lorch**, Senior Solutions Architect, AWS

12h30 – 14h00 **LUNCH BREAK**

14h00 – 15h30 **Tabletop Exercise (TTX): Third-Party Risk – Part I**
In a simulation driven by real vendor failures, executives respond to GenAI vendor missteps, opaque subcontracting chains, and public trust fallout. Players face critical questions: What happens when your AI supplier gets sanctioned? How do you ensure data transparency in outsourced models? Challenges reflect NIS2, DORA, and FTC/SEC enforcement trends. The game exposes the danger of over-trusting third parties without adequate control, highlighting weak onboarding, absent SLAs, and lack of continuous monitoring. Leaders emerge with actionable insights on building agile, transparent, and compliant supply chains.
Facilitated by:
- **Geroen Joris**, Specialist Security Solutions Architect, Leader, AWS
- **Anthony Holmes**, Security Lead, AWS
- **Martin Vlok**, Solutions Architect Manager, AWS
- **Daniel Lorch**, Senior Solutions Architect, AWS

15h30 – 16h00 **NETWORKING BREAK**

16h00 – 16h30 **Tabletop Exercise (TTX): Third-Party Risk – Part II**

IATA GLOBAL AVIATION CYBERSECURITY FORUM

Friday, 10 April

16h30 – 16h55   **Tabletop eXercise (TTX): Third-Party Risk – Lessons Learned**
In this interactive debrief, participants collectively reflect on the exercise, exchange perspectives, and key takeaways. The session encourages open discussion on what worked, what didn't, and how organizations can translate insights into stronger practices going forward.
Facilitated by:
- **Geroen Joris**, Specialist Security Solutions Architect, Leader, AWS
- **Anthony Holmes**, Security Lead, AWS
- **Martin Vlok**, Solutions Architect Manager, AWS
- **Daniel Lorch**, Senior Solutions Architect, AWS

16h55 – 17h00   **IATA Announcements & Closing Remarks**
- **Ewa Pilat**, CISO, IATA

17h00   **Adjourn**
