</table>
| 9:00 – 9:15 | Welcome & Opening  
**Bruce Clemmons**, Manager, Live Animal Desk, FedEx |
| 9:15 – 9:45 | Keynote  
It is essential that supply chain stakeholders work together to further align on the efforts needed to ensure that animals receive proper care in their journey through the air freight supply chain. |
| 9:45 – 10:30 | Session 1  
**Rob Quest**, Assistant Director, City of London Corporation Animal Health and Welfare Services  
What is hindering the industry from being compliant with International requirements and the Live Animals Regulations (LAR) to ensure animal welfare and safety? |
| 10:30 – 11:15 | Networking Break – WCS Exhibition Hall |
| 11:15 – 11:45 | Brussels Airport - Life Case Study Presentation  
Experience sharing and lessons learned in the building of a Live Animals’ facility at Brussels Airport in a change management environment. How digital real time data sharing allows transparent interactions with the appropriate authorities. |
| 11:45 – 12:20 | Session 3  
Discussing current issues and concerns surrounding animal transportation, and offer some solutions for facilitating effective operations and assuring good animal care while sharing existing best practices and case studies, where appropriate |
| 12:20 – 12:30 | Wrap Up and Close  
**Bruce Clemmons**, Manager, Live Animal Desk, FedEx |
| 12:30 – 14:00 | Networking Lunch– WCS Exhibition Hall |
