IATA WORLD CARGO SYMPOSIUM

London, England
27 - 29 September 2022

STREAM 2 – Sustainability
09:00 – 09:10  CHAIR WELCOME REMARKS
Steven Townes, CEO ACL Airshop

09:10 – 09:20  MEETING NEW SUSTAINABILITY DEMANDS
Update on the latest sustainability trends for air cargo: consumer demands and perceptions, market insights, investor & shareholder requirements, ESG reporting trends & regulations

09:20 – 09:30  FLYING CARGO NET ZERO
Fly Net Zero program update and industry activities one year after its launch: how is the cargo industry moving to achieve net zero in 2050?

09:30 – 10:10  INNOVATING TO NET ZERO
Harald Sieke, Head, Center for Logistics & Mobility – Aviation Logistics
As climate concerns grow among shippers and consumers, the demand for more transparency on cargo emissions has increased. What are the solutions the industry is creating to provide this data, and what challenges are they facing?

10:10 – 11:30  LISTENING TO SHIPPER DEMANDS ON SUSTAINABILITY
With consumers demanding more visibility on the environmental and social impact of their purchases, it is more important than ever that the industry listens to shipper demands. So how can air cargo stay their preferred option in a sustainability-driven market?

10:30 – 11:30  NETWORKING BREAK

11:30 – 12:30  E-COMMERCE SPOTLIGHT SESSION
Jorgen Van Mook, Head of Network Management & Innovation, IPC
Thomas Yu, Senior Director, Global Hub Operations and Product Development, Cainiao Network Alibaba Group

The COVID-19 pandemic had a great impact on how end consumers see air cargo, particularly through their experiences with e-commerce. How are online retailers transforming to become more sustainable and reduce packaging waste?

12:30 – 14:00  LUNCH BREAK
14:00 – 15:00  **PHARMA SPOTLIGHT SESSION**
What are the sustainability challenges and priorities for the air transport of pharmaceuticals? What are the eco-friendly practices in place?

15:00 – 16:00  **NETWORKING BREAK**

16:00 – 16:40  **THE SUSTAINABLE CARGO FACILITY OF THE FUTURE**
The cargo facility of the future will be safe and secure, automated, connected, smart and green. What are the new technologies making cargo facilities more sustainable?

16:40 – 16:55  **BUSINESS RESPONSIBILITY IN THE AIR CARGO SUPPLY CHAIN**
ESG reporting is becoming fundamental for air cargo stakeholders seeking to expand their business or to operate in certain countries. What are the data gaps that need to be addressed? How to make the reporting process more efficient? How can we address human and labor rights along the supply chain?

16:55 – 17:00  **CLOSING REMARKS**
Steven Townes, CEO ACL Airshop
