

Fact Sheet - Cargo Traffic

1. Overall volumes

Metric	Number	Source
Total industry freight tonnes, 2009	36.9 million tonnes	IATA estimate
Domestic freight tonnes, 2009	11.1 million tonnes	IATA estimate
International freight tonnes, 2009	25.8 million tonnes	IATA estimate

2. Distribution of international freight tonnes by route area, 2009

Source: Airline Industry Forecast 2010-2014

International route area	Share
Within Asia	21%
Europe-Asia	17%
North Atlantic	13%
North and Mid Pacific	13%
Within Europe	8%
Europe - Middle East	5%
Middle East – Asia	5%
North America - South America	3%
Europe – Northern Africa	3%
Far East - Southwest Pacific	2%
Within Middle East	2%
Other	8%
Total	100%

3. Distribution of international freight tonne kilometer traffic by region of airline registration

Source: IATA monthly traffic statistics, September 2010

Airline region	Share
Asia/Pacific	44%
Europe	25%
North America	16%
Middle East	11%
Latin America	3%
Africa	1%
Industry	100%

4. Share of cargo traffic in dedicated freighters vs passenger flights

Source: Airbus Global Market Forecast 2007-2026

Aircraft category	Share of total FTKs
Dedicated freighters	58%
Passenger aircraft (in cargo hold)	42%

5. Commercial cargo fleet composition, end September 2010

Source: Ascend

Category	Number of aircraft in service
Wide body passenger fleet	3,230
Dedicated freighter fleet	3,079
