

# Airbase UK Interiors adopts flydrive digital solution from flydocs

Press Release

Staffordshire, UK – 5 April 2022

Airbase UK Interiors recently selected the flydrive digital solution from flydocs to digitise their data and documentation.

flydrive's secure cloud storage will support to streamline Airbase UK's digital journey as they can now access all their maintenance records anywhere and at any time.

Commenting on the partnership, John Bowell, Chief Commercial Officer, flydocs said; "We're delighted to collaborate with Airbase UK Interiors as it shows the widespread application that flydrive can bring to the aviation sector. At flydocs, we are committed to supporting our clients to maintain the highest value of their assets with the use of advanced technology. Right from cabin furnishing to data management, with flydrive, we aim to support digital and data documentation with access to easy information to data."

Huw Jenkins, Commercial Director at Airbase UK Interiors said: At Airbase we have a strong history of providing maintenance & manufacturing services to major UK airlines and OEMs. Our Soft Furnishings Managed Services – dry cleaning, kitting, replace & remove - provide intrinsic added value to our customers all under a CAA and EASA 145 accreditation. By partnering with flydocs and the flydrive package we will drive efficiency in our data management and take a significant step towards our strategic goal of moving from a paper-based environment to a digital-led, cloud storage solution. I firmly believe that Blockchain is the future of aviation data management, and we look forward to transforming our digital journey with flydrive as a first step.
