Future Air Cargo Executives Program (FACE)

10th Anniversary!
Mission

IATA recognizes that the air cargo industry urgently needs to invest in people, promote diversity and engage young talent.

The FACE program aims to attract, retain and develop a bright pool of individuals under 36, to foster innovation and facilitate creativity in order to modernize the air cargo industry.

Our objective is to provide guidance to the young talents to become the next generation of leaders of the cargo industry.
Program Leaders

Ildiko Marcze
Project Manager, Digital Cargo

Megha Palkar
Assistant Manager, Cargo iQ

Maria Jitomirski
