Please note the following information to TTBS:

Ecuador - Tourism Fee (International) – ED & Infrastructure Tax (International) – E2 -
=====

The TTBS has been advised by LATAM Ecuador (XL) that **in light of the current COVID-19 pandemic, the Ecuadorian Government will allow airlines to defer payment of the ED (Tourism Fee (International)) and the E2 (Infrastructure Tax (International)) based on the following information:**

- Payment of both ED and E2 based on ticket sales/issuances for the month of March 2020 and where payment to the local authority was due in April 2020 are deferred until such time as the Ministerial Decree remains in effect.
- Payment of both the ED and E2 based on ticket sales/issuances in subsequent months (e.g., April 2020) and where payment to the local authority is due in the month following ticket sale (e.g., May 2020) are also deferred.
- The Ecuadorian Government has not as yet provided details as to when the ED and E2 deferred payments are to be made and on what schedule. This information will be communicated to the market once it becomes available (likely once the pandemic has subsided)

For further information, please find attached the official Government/Ministerial Decree on the deferral of the ED and E2 (only in Spanish).

All other conditions remain unchanged.

Please note that TTBS will treat this update/change as being applied by all members (except where airline specific amounts already exist), unless advised otherwise in writing. TTBS will then update its system accordingly and disseminate the information to all its Top Premium Daily subscribers. In addition, it is recommended that subscribers advise their interline partners and/or GDS suppliers accordingly.
