

One Record

The Cargo Operations and Technology Strategic Partnerships Area of Involvement is one of the 6 Boards established by Resolution under the Cargo Services Conference and all its subgroups.

Each Board is an airline-only group overseeing the strategy and direction of standards development and implementation within a specific area of cargo services. The Board may also create subgroups to work on specific areas of standards.

The ONE Record area manages the development standards and guidance related to data and communication within the ONE Record project.

ONE RECORD TASK FORCE (ORTF)

CONTACT

Mr. Sauv David
 Project Manager e-AWB, Cargo
sauvd@iata.org

The objective of the One Record Task Force will be to provide recommendations on the end-to-end digital logistics and transport supply chain where data is easily and transparently exchanged in a digital ecosystem of air cargo stakeholders, communities and data platforms. The task force will drive one record pilot project to get industry feedback and validate and/or improve the model, develop incremental additions to the One Record data model and features to include areas of air cargo distribution, interactive cargo, E-DGD among others, continue to engage with cargo community systems (CSS) and its providers to speed up the adoption of the one record standard.
