ONE Source
Visibility for the air cargo industry

IATA ONE Source is the online industry platform for validated aviation capacity and infrastructure information. Find the right business partner for your needs, from specific infrastructure requirements such as temperature-controlled rooms to IATA certifications. ONE Source makes it easier for you to find the right services where you need them.

The platform only lists information verified through the different IATA Validation Programs. It guarantees that all the data is accurate, enabling you to make better decisions for your business.

Stay tuned for the platform launch in Q1 2020.
