PROGRAM HIGHLIGHTS

Networking opportunities

Networking events

In addition to the complementary lunches and coffee breaks at the event all attendees are invited to attend the popular Exhibition Booth Crawl on Tuesday! Stay tuned as we announce more information in the coming weeks.

HOD meetings

Head Airline Delegate and Head Delegate Meetings

Updates on current matters within the industry.

Regional focus

Spotlight on Europe

Join IATA and our local stakeholders in discussion on current affairs in the European region.

Portugal Highlights

Portuguese Coordination

Portugal is the 17th largest aviation market in the world by passenger departures, with air transport contributing over USD 20 billion to the country's GDP in 2023. IATA will review the capacity and coordination challenges in the country and their potential impact on connectivity and the consumer.

Airline Focus Sessions

Regional Rundowns

There are numerous slot policy discussions underway across the globe. IATA will present three separate sessions for airlines – on the Americas, EMEA, and Asia – to dive a bit deeper into the detail of the issues on the table in these three regions of the globe.

WASG policy discussions

Essential policy discussions

Topical policy discussions as we head into a new term of the Worldwide Airport Slot Board, which meets for the first time in the new term immediately prior to the event.

These are just a few highlights of the ISC156 program, which is subject to change. Other interesting and relevant presentations will be published in the full Program as we move closer to the event.

If you are interested in contributing to the program, please don't hesitate to contact slots@iata.org.
