Preface xiii

Chapter 1—General Rules 1

1.1 Introduction and Policy 1

1.2 Booking a Member's Space 3

1.2.9 Diagram for Transmitting Reservations Details 5

1.3 Cancelling All of Another Member's Space 6

1.4 Itinerary Changing 6

1.5 Group Bookings 6

1.5.1 Requesting Group Space 6

1.5.2 Firming Group Space 7

1.5.3 Advising Individual Names in Group Bookings 8

1.5.4 Requesting Group Seating 8

1.5.5 Cross Referencing Group and Individual PNRs 8

1.6 Schedule Change Action 9

1.6.1 General 9

1.6.2 Action by Member when Space is Held 9

1.6.3 Action by Member when Space is Not Previously Confirmed or Reported 10

1.6.4 Member/CRS Action when Receiving Advice of Schedule Change 10

Chapter 2—Standard Messages: Composition 11

2.1 General Rules 11

2.2 Address Element 12

2.3 Communications Reference Element 13

2.4 Message Identifier Element 13

2.5 Record Locator Element 13

2.5.1 Construction 13

2.5.2 Secondary Record Locator (Bilateral) 14

2.5.3 Responsibility for Record Locator 15

2.6 Name Element 15

2.6.1 General 15

2.6.2 Identical Family Names 15

2.6.3 Number in Party 16

2.6.4 Compound Names 16

2.6.5 Single Letter Family Name 16

2.6.6 Duplicate Names 16

2.6.7 No Family Name 16

2.6.8 No Given Names 17

2.6.9 Name Suffix 17

2.6.10 Traveling with Children and Infants 17

2.6.11 Extra Seat 17

2.6.12 Groups 18

2.6.13 Ticketed Passengers 18
2.6.14 Unaccompanied Minor 18
2.7 Arrival Element 18
2.8 Segment Element 19
2.8.1 Inclusion of Times and Day Change Indicator 19
2.8.2 Construction 19
2.8.3 Examples of Segment Elements 21
2.8.4 Subsequent Segment(s) 21
2.9 Continuation Element 21
2.10 Auxiliary Service Element 22
2.10.2 Air Taxi, Surface and Tour Elements between Members/CRSs (Bilateral) 23
2.10.3 Hotel Accommodation Element between Members/CRS (Bilateral) 23
2.10.4 Hotel Accommodation Element between a Member/CRS and Hotel Provider (Bilateral) 25
2.10.5 Car Element (Bilateral) 37
2.10.6 Additional Services: Non-Segment-Associated 43
2.11 Supplementary Element 44
2.11.1 Definition 44
2.11.2 Categories 44
2.11.3 Selection of the Category 44
2.11.4 Positioning 45
2.11.5 Construction 45
2.11.6 Construction of SSR 46
2.11.7 Construction of OSI 65
2.12 End of Text Element 66

Chapter 3—Standard Messages: Procedures and Examples 67
3.0 General 67
3.1 Sell/Sold/Request Messages 67
3.1.1 Sold/Request Segments 67
3.1.2 Sold Arrival Element with Request, and a Supplementary Element 67
3.1.3 Sold/Sell Segments 68
3.1.4 Action Identifier Segments 68
3.1.5 Gap in an Itinerary 69
3.1.6 Incomplete Itinerary 69
3.1.7 Request Specific Alternate Flights 70
3.1.8 First Available (FRAV) Segments 70
3.1.9 Request for Group 71
3.1.10 Request for Group Including a Tour Number 72
3.1.11 Ticketing Time Limit with Another Member 72
3.1.12 Removal of Ticketing Time Limit with Another Member 72
3.1.13 Flight Reconfirmation 73
3.1.14 Ticket Numbers Request 73
3.1.15 Advice of Electronic Ticket Number for Active Segments 74
3.1.16 Advice of Electronic Ticket Number for Passive Segments 78
3.1.17 Advice of Electronic Ticket Number for Informational Segments 84
3.1.18 Advice of Electronic Miscellaneous Document Number for Passive Segments 87

3.1.19 Ticket Number/TCN Transmission 94
3.1.20 Advice of Ticket Cancellation 95
3.1.21 Weapons Transport Request 95
3.1.22 Meal on Board Not Required 95
3.1.23 EMD Number Request (Bilateral) 96
3.1.24 Advice of Booking Originator Record Locator 97
3.1.25 Human Remains (ashes) as Cabin Baggage (Bilateral) 97
3.1.26 General Service Movement of Customer and Escorts 98
3.2 Replies to Sell or Request Messages 100
3.2.1 Basic Reply Message—General Rules 100
3.2.2 Confirming Space 100
3.2.3 Replying to Request for Specific Alternate Flights 100
3.2.4 Confirming Alternate Space or Replying to a Request for FRAV 101
3.2.5 Advising Space Unable and Volunteering FRAV 101
3.2.6 Advising Flight Not Operating 102
3.2.7 Advising Unable to Accept Sale 103
3.2.8 Advising that Part of a Group may be Confirmed 103
3.2.9 Replying to an SSR Request 104
3.2.10 Referring to an OSI 105
3.2.11 Advise if Duplicate Booking (ADB) 105
3.2.12 Action on Receipt of Duplicate Booking Inquiry 106
3.2.13 Confirming from Waitlist 106
3.2.14 Confirming Waitlist Segment in a New Booking 107
3.2.15 Receiving System's Record Locator 107
3.3 Cancellation and Change of Itinerary Messages 107
3.3.1 General Rules 107
3.3.2 Cancellation Message 108
3.3.3 Combining Cancel and Sell 108
3.3.4 Adding a Segment to an Existing Itinerary 109
3.3.5 Cancelling Space and Involving New First Boarding Point 109
3.3.6 Combining Cancel/Sold/Sell/Request and New First Boarding Point 110
3.3.7 Combining Conditional Cancellation and Request with the Same Boarding Point 110
3.3.8 Cancelling Space from the Inventory System 111
3.3.9 Cancelling Special Service Request by the Member 112
3.3.10 Booking Space and Booking SSR Elements by a Member (Bilateral) 112
3.3.11 Partial Cancellation of Services 114
3.4 Dividing Party 115
3.4.6 Examples of Messages Dividing Party 116
3.5 Changing Name and/or Number of Passengers—Option 1 119
3.5.1 Change Passenger Name(s)—Non-Group PNR 119
3.5.2 Segment Status Change Due to Name Change 122
3.5.3 Increase Number of Passengers 123
3.5.4 Reduce Number of Passengers 124
3.5.5 Provide Individual Names for a Tour/Group 126
3.5.6 Change Passenger Name(s) in a Tour/Group 127
3.5.7 Increase Number of Passengers in a Tour/Group 128

3.5.8 Reduce Number of Passengers in a Tour/Group 128
3.5.9 Change Itinerary for Some Passengers of a Party 129
3.5.10 Change of Itinerary and Names for Some Passengers of a Party 132
3.6 Changing Name and/or Number of Passengers—Option 2 133
3.6.1 Rules 133
3.6.2 Change Passenger Name(s) 133
3.6.3 Segment Status Change Due to Name Change 139
3.6.4 Increase Number of Passengers 140
3.6.5 Reduce Number of Passengers without Name Change 141
3.6.6 Reduce Number in Party with a Name Change 143
3.6.7 Name Change and Adding/Cancelling Segment(s) 146
3.6.8 Dividing Out and Changing Part of an Existing Reservation 149
3.7 Message Identifiers 151
3.7.1 General Rules 151
3.7.2 Message Identifiers for Reservations Use 151
3.7.3 Message Identifiers for Communications Use 152
3.7.4 Request for Reply (RQR) 152
3.7.5 Advice of Schedule Change 153
3.7.6 Passengers with Reduced Mobility (PRM) 157
3.7.7 No Action Taken on Your Message (NAC) 159
3.7.8 New Arrival Information (NAR) 160
3.7.9 No Record Passenger (NRC) 161
3.7.10 Divided PNR Message (DVD) 161
3.7.11 New Record Locator (NRL) in PNR Migration 161
3.7.12 New Continuation Information (NCO) 162
3.8 Promotional Information 169
3.8.1 Frequent Traveller Procedures—Option 1 169
3.8.2 Frequent Traveller Procedures—Option 2 172
3.8.3 Client Identification Procedures (Bilateral) 176
3.9 Request for Clarification of Rejection of a Member's Message 177
3.10 Form of Identification Information (Bilateral) 177
3.10.1 General Format for Form of ID 177
3.11 Authorise Ticketing of PNR (Bilateral) 179
3.11.1 Cancellation of Authorisation 179
3.11.2 Rejection of Authorisation 179
3.12 Time Limit Auto-Cancel Exemption 179
3.13 Advanced Passenger Information—API 180
3.13.1 API—Passenger Travel Document Information 181
3.13.2 API—Passenger Other Supplementary Information 185
3.13.3 API—Passenger Address Information 189
3.13.4 API—Passive Segments 194
3.13.5 Request Passenger Security Information 197
3.14 Electronic Payment Authorisation (Bilateral) 198
3.14.2 Examples of Electronic Payment Authorisation 198

3.15 Automated Block Space (Bilateral) 199
3.15.1 AAK—Response to Block Owner Requests 199
3.15.2 AKD—Decrease Block Space Allocation by Member 201
3.15.3 AKI—Increase Block Space Allocation by Member 203
3.15.4 AKK—Create Block Space Allocation by Member 205
3.15.5 AKU—Update Block Space Allocation by Member 207
3.15.6 ASA—Re-accommodation of Block Space Allocation by Member 208
3.15.7 CRA—Create Block Space Allocation by Block Owner 210
3.15.8 DEC—Decrease Block Space Allocation by Block Owner 211
3.15.9 INC—Increase Block Space Allocation by Block Owner 213
3.15.10 UPD—Update Block Space Allocation by Block Owner 215
3.15.11 Message Examples: Block Owner to Member 217
3.15.12 Message Examples: Member to Block Owner 218
3.15.13 New Record Locator following a Change of Block Owner 219
3.15.14 Block ID from the Member to the Block Owner 220
3.16 Infant Information 220
3.16.1 Infant Not Occupying a Seat 220
3.16.2 Infant Occupying a Seat 221
3.17 Child Information 221
3.18 Irregular Operations Messages (IRP) (Bilateral) 222
3.19 Pre-Reserved Seat Selection 226
3.19.1 Scope 226
3.19.2 Definitions 226
3.19.3 General Construction Rules 227
3.19.4 Construction and Sequence of Components 228
3.19.5 Pre-reserved Seat Request 229
3.19.6 Pre-reserved Seat Change 230
3.19.7 Pre-reserved Seats and PNR Change 230
3.19.8 Reply Messages 232
3.19.9 Boarding Pass Issuance 233
3.19.10 Schedule Change 234
3.19.11 Change Gauge Flights (Aircraft Change Enroute) 235
3.19.12 Group Seating 236
3.20 Passenger Contact Information 237
3.20.1 Passenger Contact Information 237
3.20.2 Passenger Emergency Contact Information 238
3.21 Additional Services (Bilateral Agreement) 239
3.21.1 Segment-Associated Additional Services 239
3.21.2 Additional Services—Non-Segment-Associated Services 258
3.21.3 Baggage Related Services 264
3.22 Non-Revenue Travel Procedure (Bilateral) 269
3.22.1 Non-Revenue Standby Travel 269
3.22.2 Examples 269
3.22.3 Crew Special Booking (Bilateral) 270

3.23 Leg-Based Special Services (Bilateral) 270
3.24 Exceptional SSR Processing 273
3.24.1 Check-in Information 273
3.24.2 Provide other Information to the Member or the Booking Source 273
3.24.3 Languages Spoken by the Passenger 273
3.24.4 Cruise Passenger 274
3.25 Automated Check-In (ACI) 274
3.25.1 General 274
3.25.2 Construction 274
3.25.3 Examples 275
3.26 Reason for Travel–Automated Format 279
3.26.1 Construction Rules and Sequence of Components 279
3.26.2 Allowable Official Reasons for Travel Codes when using RFTV 280
3.27 Goods and Services Taxes (GST) 281
3.27.1 Construction Rules and Sequence of Components–GSTN 281
3.27.2 Construction Rules and Sequence of Components—GSTA 282
3.27.3 Construction Rules and Sequence of Components—GSTP 282
3.27.4 Construction Rules and Sequence of Components—GSTE 283
3.27.5 Construction Rules and Sequence of Components—CHNL 283

Chapter 4—Availability Status Messages 285
4.1 General Rules 285
4.2 Segment Status Messages 285
4.3 First Closing Messages 286
4.4 Segment Availability Status Codes 287
4.4.1 “C” Status Codes 287
4.4.2 “AS” Status Code 288
4.4.3 “L” Status Codes 288
4.4.4 “LA” Status Code 289
4.4.5 Relationship between “C” and “L” Codes 290
4.5 Numeric Availability Status Messages—Option 1 (Bilateral) 293
4.5.3 Message Identifier 293
4.5.4 Construction 294
4.5.5 “A” Numeric Availability Status Codes 294
4.5.6 “L” Numeric Availability Status Codes 294
4.5.7 Combining Status Codes 294
4.5.8 Examples 294
4.6 Numeric Availability Status Messages—Option 2 (Bilateral) 295
4.6.1 General Rules 295
4.6.2 Components and Sequence of the Numeric Status Messages 295
4.7 Numeric Availability Status Messages—Option 3 296
4.7.1 General Rules 297
4.7.2 Construction of an AVA Status Message 297
4.7.3 Construction of an AVA Cancellation Message 298

4.7.4 Construction of an RVR Recap Request Message 298
4.7.5 Construction of an AVR Recap Response Message 299
4.8 Selective Query Availability Status Messages (Bilateral) 300
4.8.1 Definition 300
4.8.2 General Rules 300
4.8.3 Construction 300
4.8.4 Examples 301
4.9 Enhanced Availability Data Messages 301
4.9.1 General Rules 301
4.9.2 Construction 302
4.9.3 Update Enhanced AVS Data 308
4.9.4 Delete Enhanced AVS Data 310

Chapter 5—Schedule Data Messages 317

Chapter 6—Codes and Abbreviations in AIRIMP 319
6.1 Encoding 319
6.1.1 Reservation Booking Designators (RBD) 319
6.1.2 Action Codes 320
6.1.3 Advice Codes 322
6.1.4 Status Codes 322
6.1.5 Sell and Report and Availability Status Codes 324
6.1.6 Schedule Change Advice/Status Codes 326
6.1.7 Message Identifiers 326
6.1.8 Supplementary Element Codes 329
6.1.9 Hotel Element Codes 333
6.1.10 Car Element Codes 337
6.1.11 Supplementary Item Identifiers and Codes 339
6.1.12 Month Abbreviations 339
6.1.13 Miscellaneous Abbreviations 340
6.1.14 General Member/CRS Codes 343
6.1.15 SSR FOID Codes 343
6.1.16 Advanced Passenger Information (API) Codes 343
6.2 Passenger Reservations Codes and Abbreviations (Decoding) 344

Chapter 7—Exceptional Messages: Composition/Procedures/Examples/Codes 369
7.1 Introduction 369
7.2 Claim Message (Bilateral) 369
7.2.1 Definition 369
7.2.2 Guidelines and Rules 369
7.2.3 Message Identifiers 370
7.2.4 Construction of TCM Messages 370
7.2.5 Construction of TCR Messages 370
7.2.6 Construction of TCD Messages 371
7.2.7 TCM Message Examples 371
7.2.8 TCR Message Example 371
7.2.9 TCD Message Example 372

7.3 Unsolicited Transfer of PNR Message (Push PNR) (Bilateral) 372
7.3.1 Definition 372
7.3.2 Guidelines and Rules 372
7.3.3 Message Identifier 372
7.3.4 Construction of TCP Messages 372
7.3.5 Example 373
7.4 Service PNR Message (Bilateral) 373
7.4.1 Definition 373
7.4.2 Rules and Guidelines 373
7.4.3 Message Identifiers 373
7.4.4 Construction of SPN Messages 373
7.4.5 Construction of SPM Messages 374
7.4.6 Construction of SPR Messages 374
7.4.7 Construction of SPD Messages 374
7.4.8 Example of SPN Message 375
7.4.9 Example of SPN Message 375
7.4.10 Example of SPM and SPR Message 375
7.4.11 Example of SPM and SPD Message 376
7.5 Synchronisation Message—Option 1 (Bilateral) 376
7.5.1 Message Identifier 376
7.5.2 Definition 376
7.5.3 Rules 377
7.5.4 Construction 377
7.5.5 Construction of Additional OSIs 377
7.5.6 Examples of SNC Message 378
7.6 Synchronisation Message—Option 2 (Bilateral) 382
7.6.1 Message Identifier 382
7.6.2 Definition 382
7.6.3 Rules 382
7.6.4 Construction 382
7.6.5 Construction of Additional OSIs 383
7.6.6 Examples of TRV Message 384
7.7 Synchronisation Message—Option 3 (Bilateral) 385
7.7.1 Message Identifier 385
7.7.2 Definition 386
7.7.3 Rules 386
7.7.4 Construction 387
7.7.5 Construction of Additional OSIs 387
7.7.6 Examples of SYN Message 388
7.8 Exchange of PNR Image Message (Bilateral) 392
7.8.1 Message Identifier 392
7.8.2 Definition 392
7.8.3 Rules 392
7.8.4 Examples of PNR Image Message 393

7.9 Acknowledgement Message (Bilateral) 394
7.9.1 Message Identifier 394
7.9.2 Construction 394
7.9.3 Examples of AKA Message 394
7.9.4 Record Locator Request 395
7.10 Report and Reply for Passive Segment (Bilateral) 396
7.10.1 Acknowledgment of Passive Booking 396
7.10.2 Passive Segment Notification to the Member 397
7.11 Cancellation Advisory for Passive Segment (Bilateral) 400
7.12 Code Share Segments (Bilateral) 400
7.12.1 Option 1 400
7.12.2 Option 2 401
7.12.3 Option 3 404
7.12.4 Option 4 405
7.12.5 Option 5 408
7.12.6 Record Locator Change for Code Share Marketing PNR(s) Transferred from One System to Another System (NRL) 420
7.12.7 Class Mapping Changes 423
7.13 Miscellaneous Message Elements (Bilateral) 431
7.13.1 Open Segments 431
7.14 Married Segments (Bilateral) 431
7.14.1 Examples—Online Marriage Indicators 432
7.14.2 Examples—Interline/Online Marriage Indicators 436
7.14.3 Examples—Interline/Online Marriage Indicators with ASC 450
7.14.4 New Married Condition—NMC 459
7.14.5 Definition 459
7.14.6 Rules 459
7.14.7 Examples for NMC for Online Marriages 460
7.14.8 Examples of NMC after Schedule Change—Online Marriage 460
7.14.9 Examples of NMC after Waitlist Confirmation (Online Marriage) 462
7.14.10 Examples of NMC—Interline and Online/Interline Marriages 465
7.15 Request for Availability Status (Bilateral) 466
7.15.1 Message Identifier 466
7.15.2 Construction 466
7.15.3 Examples 467
7.16 Name Change Made by Member—Non-Group PNR (Bilateral) 468
7.17 Divide Made by Member (Bilateral) 472
7.18 Divide with Name Change and Modification of Itinerary (Bilateral) 474
7.18.1 Divide with Name Change and Cancel/Rebook (Bilateral) 476
7.18.2 Divide with Name Change and Segment Status Change—Group PNR (Bilateral) 477

Chapter 8—ET and EMD Back-up Messages 481
8.1 Back-up Messages for EDIFACT 'System Cancel' 481
8.1.1 Action by CRS 481
8.1.2 Construction 481
8.1.3 Examples 481

Appendices 483

Appendix 'A'—Airline Designators (Decoding) 485

Appendix 'B'—ISO Country Codes and IATA Currency Codes & Ticket Codes for Taxes, Fees & Charges (Coding) 499

Appendix 'C'—States and Provinces 539

Appendix 'D'—Multiple Time Zone Legend 541

Appendix 'E'—Abbreviations 543
