

CARGOLINK

LINKING BUSINESS NEEDS WITH BUSINESS SOLUTIONS

Bringing our Members Together

As a representative of 83% of the world's air traffic, IATA works to streamline and simplify the communication and information stream between its business owners.

In order to enhance business opportunities for all in the air cargo industry, CargoLink was created - to help you locate potential international business partner(s) centered on your special requirements.

CargoLink is the global air cargo industry directory and information repository for all IATA accredited agents.

Benefits

- **Business Interconnectivity** – join the 6,000 freight forwarders already listed in CargoLink.
- **Free Premium Listing** – experience enhanced efficiency; free premium listing is available to all IATA Accredited Training Schools (ATS), IATA Strategic Partners and accredited General Sales and Service Agents (GSSAs). Airlines and IATA Accredited Agents have free Basic listing.
- **No Commitment** - upgrading to the Premium Listing service is simple, low-cost and provides added exposure and visibility for future business opportunities. (Premium Listing – US\$200 per annum).
- **User-based** – built with your needs in mind, we offer a straightforward design and flexible search criteria.
- **Broaden Your Horizons** - connect with airlines, airports, GSSAs' technology partners and cargo industry suppliers from over 80 countries.
- **Visibility** – hosted on IATA's website that receives 400,000 customers each month.

Can your business afford being on the outside of this international air cargo community?

CargoLink can help you find your ideal business partner, or help potential partners find you fast and with minimal effort.

If you need help finding a technology provider, training school or freight forwarder, then CargoLink is the solution.

Are you listed?
