

MCTF Chairman's Report

by Hannes Pferdekämper

14th MAINTENANCE COST CONFERENCE
SEPTEMBER 19-21
A t l a n t a – U S A 2018

What is MCTF?

- Maintenance Cost Task Force
- Group consisting of Airlines, OEMs and other delegates supported by IATA
- **Mission:** to be the focal point on commercial airline maintenance cost for the purpose of cost management & benchmarking
- The only annually updated worldwide database on maintenance costs

Steering Committee - Participating Airlines

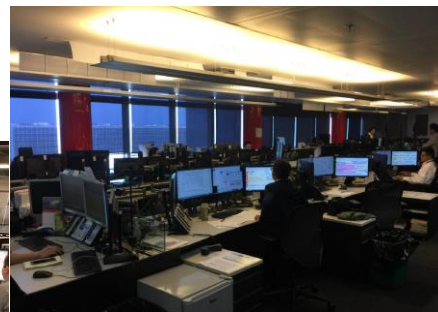

Our objectives

- Define and standardize reporting
- Collect data and publish annual report
- Find strengths and weaknesses in cost structure
- Share knowledge and best practice
- Network

Let's compare our MCCs

Interactive Sessions

Recent activities

- “Ageing Aircraft” paper published ✓
 - “Operational Availability” paper published ✓
 - MCTF “Adjustment Factor Survey” paper published ✓
 - First draft on warranty paper (1 year cross-continental collaboration)
- > All papers can be downloaded for free on the IATA MCTF webpage (iata.org/mctf)

Future plans

- Finish paper on “Warranty Management”
- Further involvement in predictive maintenance and associated data issues
- Cabin Maintenance related costs
- AI/Blockchain/Big Data and its effect on maintenance cost
- Time Material vs PBH

How to engage in MCTF?

Option	What you have to do?	What's your benefit?
#1 Take part in benchmark	Send in your data on a yearly basis	Annual + personalized (optional) report
#2 Engage IATA MCTF	Take part in Task Force Meetings twice a year	Possibility to shape and steer MCTF's activities
#3 Take part in working groups	Work on papers and analysis	Deep insight in different relevant cost topics
