AIRBUS

Context of Inadvertent Slide Deployment (ISD)

Many design and potential solutions | Large number of tests

250 evaluations with realistic scenarios in 3 Airlines a very successful result

ODO (Optimise Door Operation) to Watchdog → ISDPL (Inadvertent Slide Deployment Prevention Light)

ODO Solution

too complex
too expensive

Stopped

Watchdog → ISDPL

100% plug & play
very easy to install
all elements in only one device

Realised

ISDPL 2018 Certification - More than 6 first Airlines customers
