| <p><b>12:30 – 14:00</b></p>                     | <p><b>Networking Luncheon</b></p>                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

# Day 2

## Wednesday, 3 April 2019

---

**14:00 – 17:45**

### SFO Bistro

This session promises to be very interactive and will involve collaborative dialogue on issues that matter to you. Delegates will have the opportunity to visit six tables with experts hosting various topics of discussion. All will have the opportunity to interact, engage and contribute in this small round-table environment. This speed-networking and information sharing session promises to be informative, interactive and will offer valuable networking opportunities. Truly a great way to wrap up the second day of this exciting event!

#### Confirmed table topics:

Fatigue Management

IOSA

ISAGO

Safety Information Sharing Networks

ERP

CDM / ACDM

GADSS

Cyber Security

Safety Culture

Li Batteries

Aviation Skills Shortage

Evidence Based Training (EBT)

Drones

Meteorology

**18:30 – 22:00**

**Gala Dinner**

---

# Day 3

Thursday, 4 April 2019

09:00 – 10:10

Climate Change Impact on Aviation

TBA, Moderator

Climate Change Impact on Aviation  
Professor Paul Williams, Reading University  
Dr. Herbert Puempel, AustroControl (invited)

10:10 – 10:30

True North vs. Magnetic North

Anthony MacKay, AVP, Air Traffic Services NAV  
Canada

10:30 – 11:00

Networking Break

11:00 – 12:00

Managing Millennials

Ryan Jenkins, Keynote Speaker, Author, and Inc.com  
Columnist

12:00 – 12:30

Closing Remarks and Venue Announcement 2020
