12:30 – 14:00 Networking Lunch

- > **14:00 – 14:45: Presentation**
Eddy Weygaerts, Transportation Manager, Pfizer
- > **14:45 – 15:30: Presentation**
Juerg Meier, Senior Vice President QSHE, Security & DG/HazMat, Kuehne & Nagel

15:30 – 16:00 Networking Break

- > **16:00 – 17:25: Joint Session with the Air Cargo Operations Conference**

Improve transparency and efficiency in the pharmaceutical air freight operations through innovative and digital solutions.

Technology and digitization have a strong impact on air freight operational efficiencies. Specifically in the pharmaceutical and healthcare industries, transformation into a transparent, dynamic, digital pharmaceutical supply chain become more and more a reality, while air freight stakeholders are optimizing their operations to address the existing challenges to provide the high quality services customers demand to ultimately safeguard patient safety. This session will showcase some of the projects the industry is implementing to work towards

improving industry logistics networks to achieve supply chain excellence through transparency and cooperation.
