

ULD Track

Kindly Sponsored by;

Wednesday 13th March 2019
9:00 – 12:30

ULD Track Summary:

The Track starts with 'History of ULD' presented by inventors/ designers involved in the development of 1st ULD (or early aircraft ULDs). Audience will be invited to pay tribute to ULD's contribution to the air transport industry and the dedicated contribution of the invited speakers.

The Track then focuses on global updates on regulatory requirements for safe ULD operations followed by a panel discussion on harmonization between regulatory requirements and industry standards.

The celebration of the 60th Birthday of ULD concludes the Track.
