➤ **SIS Planned Switchover**

This is the reschedule of the SIS planned switchover activity previously announced for **Feb 29th, 2020**.

As a reminder as per SOC2 audit requirements, SIS Operations need to run alternatively from Primary to Secondary (DR) site and it is time now to re-do this annual exercise.

Therefore, the next SIS switchover is scheduled to start on Saturday, **March 14th, 2020 from 04:00 AM UTC / 12:00 AM EST** with an expected downtime of approximately 4 hours 30 minutes.

While IS-Web will be unavailable during this time, all files submitted via iiNET will be held and processed after the switchover has been completed.

Kind regards,
SIS OPERATIONS TEAM
