SIS & ICH General Meetings Voting Item Proposal Form

This form is used to prepare and submit Voting Item Proposals for the Annual IATA SIS and ICH General Meetings. **IATA Member Airlines and Signatories to SIS and ICH** are eligible to submit proposals.

Voting Item Proposals are suggestions from the SIS and ICH community members to introduce new or enhance existing features or processes. These may include items such as, but not limited to, SIS and ICH functionalities, reports, files, standards, validations, or any other process that will benefit the communities. Proposals received are reviewed by IATA and potentially considered for voting at the SIS and ICH General Meetings. Your member representative will present the proposal at the meetings.

Please **complete all sections** of the following table with your Voting Item Proposal and submit the completed form to wfsim@iata.org for review. You will receive a reply once your item is reviewed.

SIS / ICH Member Name and Code *(e.g., IATA Montreal, XB-A89)*	
Indicate if Voting Item Proposal is for SIS and/or ICH General Meeting	SIS GM? *(X)* | | ICH GM? *(X)* |
Name of Presenter at the General Meeting
