

## IATA MONTHLY STATISTICS

### Monthly Statistics Historical (1990-2009 traffic data)

**Monthly Statistics Data report** (Excel format) containing:

- International traffic, for Total Industry and by Region\* (Africa, Asia/Southwest Pacific, Europe, Latin America/Caribbean, Middle East, North America): Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Freight Tonne Kilometers (FTK), Available Freight Tonne Kilometers (AFTK), Freight Load Factor (FLF), Available Tonne Kilometers (ATK), and growth rates (Year-on-Year and Year-to-Date) for aforementioned variables. Traffic series are presented for January 1990 till December 2009 (monthly data).
- Domestic traffic, for Total Industry and for the domestic markets Australia, Brazil, People's Republic of China, Japan, and U.S.A.: Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Available Tonne Kilometers (ATK), and growth rates (Year-on-Year and Year-to-Date) for aforementioned variables. Traffic series are presented for January 1990 till December 2009 (monthly data), with the exception of Australia (January 2008 onwards), U.S.A. (January 2008 onwards), People's Republic of China (January 2000 onwards, with exception for ATK series (January 2008 onwards)), Japan (January 2000 onwards, with exception for ATK series (January 2009 onwards)).
- Total (International + Domestic) traffic for Total Industry and by Region\* (Africa, Asia/Southwest Pacific, Europe, Latin America/Caribbean, Middle East, North America) :Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Freight Tonne Kilometers (FTK), Available Freight Tonne Kilometers (AFTK), Freight Load Factor (FLF), Available Tonne Kilometers (ATK), and growth rates (Year-on-Year and Year-to-Date) for aforementioned variables. Traffic series are presented for January 1990 till December 2009 (monthly data).
- International, Domestic and Total traffic series are presented as-is, as well as seasonally adjusted.

\*Regional data reflect the combined performance of the airlines registered in the respective region.

### Enhanced Monthly Statistics (12-months subscription):

**Monthly Statistics Analysis report** (PDF format) containing:

- Air Transport Market Analysis, from IATA Chief Economics Office
- Comparative airline international traffic data presented by region, including Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Freight Tonne Kilometers (FTK), Available Tonne Kilometers (ATK)
- International traffic growth graphs presented by region

**Monthly Statistics Data report** (Excel format) containing:

- Historical data for 2010 onwards plus monthly updates
- International traffic, for Total Industry and by Region\* (Africa, Asia/Southwest Pacific, Europe, Latin America/Caribbean, Middle East, North America): Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Freight Tonne Kilometers (FTK), Available Freight Tonne Kilometers (AFTK), Freight Load Factor (FLF), Available Tonne

Kilometers (ATK), and growth rates (Year-on-Year and Year-to-Date) for aforementioned variables. Traffic series are presented for January 2010 and onwards (monthly data).

- Domestic traffic, for Total Industry and by major domestic market (Australia, Brazil, People's Republic of China, India, Japan, and U.S.A.): Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Available Tonne Kilometers (ATK), and growth rates (Year-on-Year and Year-to-Date) for aforementioned variables. Traffic series are presented for January 2010 and onwards (monthly data).
- Total (International + Domestic) traffic for Total Industry and by Region\* (Africa, Asia/Southwest Pacific, Europe, Latin America/Caribbean, Middle East, North America) :Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Freight Tonne Kilometers (FTK), Available Freight Tonne Kilometers (AFTK), Freight Load Factor (FLF), Available Tonne Kilometers (ATK), and growth rates (Year-on-Year and Year-to-Date) for aforementioned variables. Traffic series are presented for January 2010 and onwards (monthly data).
- International, Domestic and Total traffic series are presented as-is, as well as seasonally adjusted
- Individual airline variables for more than 130 carriers, including Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Freight Tonne Kilometers (FTK), and Available Tonne Kilometers (ATK), and growth rates for aforementioned variables. Traffic series are presented both for both monthly volumes, with Year-on-Year-growth rates, as well cumulative volumes, with Year-to-Date growth rates. Traffic series are presented for January 2010 and onwards (monthly data), subject to the availability of airline reported data.
- NEW: Passenger numbers by Economy class, Passenger numbers by Business class, RPK per Economy class, RPK per Business class, Freight Tons

## Monthly Statistics by Route (12-months subscription):

**Monthly Statistics by Route report** (Excel format) containing:

- Historical data for 2010 onwards plus monthly updates
- International traffic, for Total Industry and by Route Area:
  - Africa - Europe
  - Africa - Far East
  - Africa - Middle East
  - Central America / Caribbean - South America
  - Europe - Central America / Caribbean
  - Europe - Far East
  - Europe - Middle East
  - Europe - North America
  - Europe - South America
  - Far East - North America
  - Far East - Southwest Pacific
  - Middle East - Far East
  - Middle East - North America
  - North America - Central America / Caribbean
  - North America - South America
  - North / South America - Southwest Pacific
  - Within Central America
  - Within Europe
  - With Far East
  - Within South America
  - Other route areas
- Variables presented: Revenue Passenger Kilometers (RPK), Available Seat Kilometers (ASK), Passenger Load Factor (PLF), Freight Tonne Kilometers (FTK), Available Freight Tonne Kilometers (AFTK), Freight Load Factor (FLF), Available Tonne Kilometers (ATK), and growth rates (Year-on-Year and Year-to-Date) for aforementioned variables. Traffic series are presented for January 2010 and onwards (monthly data).
- Data refer to aggregate segment-based traffic and covers industry-wide totals for scheduled air traffic. It covers traffic of all airlines, including low-costs, dedicated cargo airlines, regional airlines, non-IATA members, etc.
- Data are based on direct airline reporting complemented by IATA estimates.
