

NDC Certification

15 May 2019

Why?

- To provide transparency on existing **NDC Deployments**

- To validate the capability of **supporting IT providers**

- To protect the **NDC brand** and support **NDC early adopters**

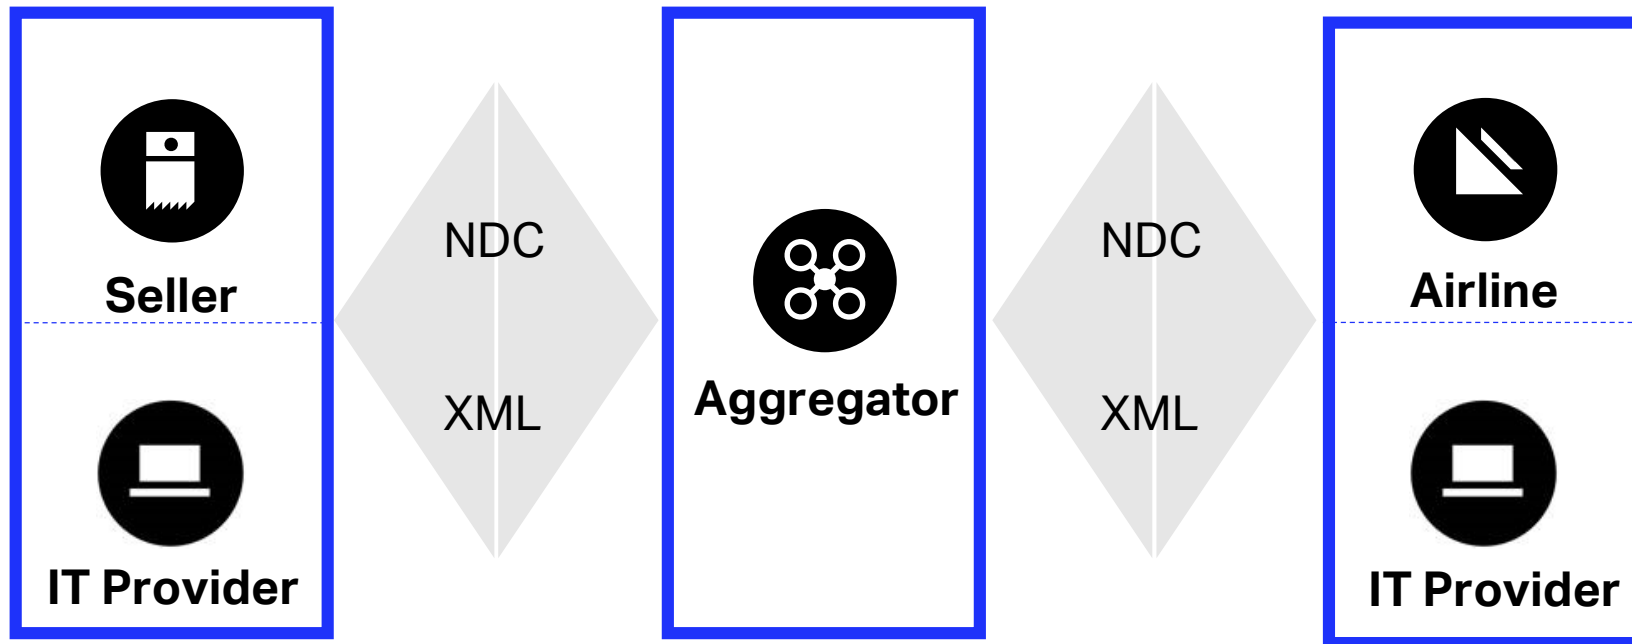

- To **accelerate** NDC adoption

What?

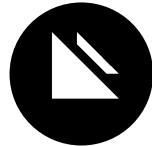

- The capability to send and receive NDC messages

- The ability of an airline to scale to volumes of transactions – NDC@Scale

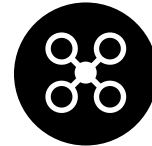

Who?

Airlines

Any airline that
Deploys an NDC
API

Distributors

Any seller
or aggregator
that consumes
these APIs

IT Providers

Any vendor that
offers NDC
products for
airlines
and distributors
