

## INDEPENDENT VERIFICATION STATEMENT

SGS Société Générale de Surveillance SA was commissioned by IATA to conduct an independent and formal review of the “IATA Environmental Assessment Standards Manual (IESM) version 3.5 October 2017” against ISO 14001:2015.

The verification assessment was executed as a desk top study and did not include a review of any system implementation.

The IESM version 3.5 included a set of requirements as well as guidance for their implementation.

On the basis of the verification work performed, the IESM requirements together with their guidance information are consistent with ISO 14001:2015 requirements.
